INTRODUCTION

Ce catalogue a pour but d'améliorer la productivité au niveau de la recherche de pièces. Les pièces sont associées : étrier gauche, étrier droit, les plaquettes, les témoins d'usure, les disques de frein et éventuellement les flasques de frein de parking sur la même ligne.

On peut également rechercher les plaquettes de frein par la largeur et la hauteur ; les étriers par le type, le nombre de piston et le diamètre.

On peut bien entendu faire une recherche par modèle de véhicule et également par la référence d'origine du constructeur.

Ce nouveau catalogue intègre les illustrations des mâchoires de frein de parking et une traduction en 4 langues (Anglais, Allemand, Italien et Espagnol).

This catalog is designed to improve productivity as far as spare parts research is concerned. Parts are linked: left caliper, right caliper, brake pads, wears indicators, brake discs and eventually the parking brake on the same line.

Pads search can also be done through width and height; caliper by type, number and diameter of the piston.

Of course, search can be proceeded by car model and also by OEM part number.

This new catalogue includes parking brake shoes drawings and a translation in 4 languages (English, German, Italian and Spanish).
